

# HITSP

Healthcare Information Technology Standards Panel

## 2009 webinar series . . . HITSP and U.S. healthcare IT interoperability

The Healthcare Information Technology Standards Panel (HITSP) is identifying the standards that will support the exchange of healthcare information across the United States. Learn more about the Panel and how you can engage in shaping the future of HIT interoperability during the 2009 **free webinar series**.

webinar eleven

### Communicating Quality Measures Using New HITSP Capabilities and Service Collaborations

#### What you will learn

In 2009 HITSP developed a new Harmonization Framework to align all its previous work with the new ARRA-related priorities. One of the key features in this new framework was the creation of HITSP Capabilities and Service Collaborations, new products that “pre-package” standards and HITSP constructs into common reusable information exchange tasks. The HITSP ISO6 - Quality, developed in 2007, was updated this year to incorporate the new Capabilities and Service Collaborations, and to incorporate new constructs to complete the end-to-end quality use case requirements. A fully updated quality data dictionary maps data types to national reference tables. A set of inpatient measures were also tooled using these new HITSP updates as exemplars. This webinar will provide an overview of the 2009 Quality IS and discuss the new features, capabilities, measures, and standards included. During this 90-minute webinar, participants will:

- Review the contents of the updated HITSP Quality Interoperability Specification
- Understand how to apply the quality data dictionary for defining quality measures and for reporting performance
- Find out about the HITSP Capabilities and Service Collaborations that apply to the Quality IS
- Learn the role and value of this new IS in assisting organizations with capabilities that may assist with Meaningful Use requirements documentation

#### Who should attend

Consumers, government representatives and policy makers, healthcare providers, standards developers, vendors, and any other interested stakeholders.

#### Presenters

**Floyd Eisenberg, MD, MPH, FACP**, Senior Vice President Health Information Technology, National Quality Forum; Co-chair, HITSP Population Perspective Technical Committee, HITSP Quality Tiger Team  
**Lori Fourquet**, e-HealthSign, LLC; Lead Technical Writer, HITSP Population Perspective Technical Committee; Staff Co-chair, HITSP Quality Tiger Team

**Sponsored by**  
HITSP Education, Communications and Outreach Committee

#### Date and Time

Tuesday, December 8, 2009  
2:00 – 3:30 pm Eastern

#### Registration

Participation in the webinar is complimentary, but advance registration is required.

To register directly, visit:

<https://www1.gotomeeting.com/register/429785569>

#### Access

Participation during the live webinar requires both telephone and Internet connections.

#### Archives

All HITSP webinars given to date are freely available online, including descriptions, presentations, and full audio playback. To download the files, visit [www.HITSP.org/webinars](http://www.HITSP.org/webinars).

## Winter '09

### **MARK YOUR CALENDARS!**

Recent schedule changes to the 2009 HITSP webinar series reflect HITSP's response to new efforts in HIT based on the ARRA Stimulus bill provisions.

**Every session is free!** Participate live or view an archived session on [www.HITSP.org/webinars](http://www.HITSP.org/webinars).

#### **Advances in Sharing Information in Healthcare IT State of HITSP**

Thursday, January 15, 2009 — 2:00 – 3:30 pm Eastern

#### **Personalized Healthcare Interoperability Specification (IS 08)**

Thursday, February 12, 2009 — 2:00 – 3:30 pm Eastern

#### **Consultations and Transfers of Care Interoperability Specification (IS 09)**

Thursday, March 12, 2009 — 2:00 – 3:30 pm Eastern

---

## Spring '09

#### **NHIN Real World Sites**

Thursday, April 16, 2009 — 2:00 – 3:30 pm Eastern

#### **HITSP eTown Hall I with Dr. John Halamka**

Thursday, June 18, 2009 — 2:00 – 3:30 pm Eastern

---

## Summer '09

#### **Health Information Exchange (HIEs) in the Real World: NEHEN, KeyHIE, VITL**

Thursday, July 9, 2009 — 2:00 – 3:30 pm Eastern

#### **HITSP eTown Hall II with Dr. John Halamka**

Thursday, August 27, 2009 — 2:00 – 3:30 pm Eastern

#### **Medication Management Real World Sites**

Thursday, September 10, 2009 — 2:00 – 3:30 pm Eastern

---

## Fall '09

#### **HITSP EHR Centric Interoperability Specification**

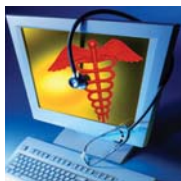

Thursday, October 8, 2009 — 2:00 – 3:30 pm Eastern

#### **Security, Privacy, and Infrastructure**

Thursday, November 12, 2009 — 2:00 – 3:30 pm Eastern

#### **Communicating Quality Measures Using New HITSP Capabilities and Service Collaborations**

Tuesday, December 8, 2009 — 2:00 – 3:30 pm Eastern

#### **Sponsored by**

HITSP Education, Communications and Outreach Committee
