

HITSP

Healthcare Information Technology Standards Panel

2009 webinar series . . . HITSP and U.S. healthcare IT interoperability

The Healthcare Information Technology Standards Panel (HITSP) is identifying the standards that will support the exchange of healthcare information across the United States. Learn more about the Panel and how you can engage in shaping the future of HIT interoperability during a series of twelve **free webinars** — one for each month of 2009.

webinar three

Consultations and Transfers of Care Interoperability Specification (IS 09)

What you will learn

During this 90-minute webinar, participants will:

- Explore the scope of the Consultations and Transfers of Care Interoperability Specification, including:
 - the information exchange needed when a provider requests and a patient receives a consultation from another provider; and
 - the information exchange needed when a provider requests a transfer of care for a patient and the receiving facility admits the patient
- Examine the data exchange requirements for requesting a consultation and patient receiving a consultation from another provider, and for requesting a transfer and a patient being transferred to another facility
- Discover how the requirements of the Consultations and Transfers of Care Use Case map to HITSP constructs
- Learn about HITSP's next steps in 2009, which include Incorporating Long Term Care-Assessments and Nursing Documentation

Who should attend

Consumers, government representatives and policy makers, healthcare providers, standards developers, vendors, and any other interested stakeholder.

Presenters

- Michael Lincoln, M.D., U.S. Department of Veterans Affairs
- Suzi Hines, Principal, Sage Consulting, LLC

Winter '09

MARK YOUR CALENDARS!

The 2009 HITSP webinar series includes a total of twelve presentations — one for each month of the year. **Every session is free!** Participate live or view an archived session on www.HITSP.org/webinars

January **Advances in Sharing Information in Healthcare IT State of HITSP**
Thursday, January 15, 2009 — 2:00-3:30 pm Eastern

February **Personalized Healthcare Interoperability Specification (IS 08)**
Thursday, February 12, 2009 — 2:00-3:30 pm Eastern

March **Consultations and Transfers of Care Interoperability Specification (IS 09)**
Thursday, March 12, 2009 — 2:00-3:30 pm Eastern

Spring '09

April **NHIN Real World Sites**
Thursday, April 16, 2009 — 2:00-3:30 pm Eastern

May **Immunization & Response Management Interoperability Specification (IS 10)**
Thursday, May 14, 2009 — 1:30-3:00 pm Eastern

June **Public Health Case Reporting Interoperability Specification (IS 11)**
Thursday, June 18, 2009 — 1:30-3:00 pm Eastern

Summer '09

July **Health Information Exchange (HIEs) in the Real World**
Thursday, July 9, 2009 — 2:00-3:30 pm Eastern

August **Patient - Provider Secure Messaging Interoperability Specification (IS 12)**
Thursday, August 13, 2009 — 2:00-3:30 pm Eastern

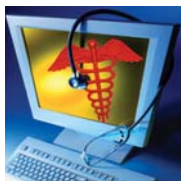

September **Remote Monitoring Interoperability Specification (IS 77)**
Thursday, September 10, 2009 — 2:00-3:30 pm Eastern

Fall '09

October **Medication Management Real World Sites**
Thursday, October 8, 2009 — 2:00-3:30 pm Eastern

November **Security, Privacy and Infrastructure**
Thursday, November 12, 2009 — 2:00-3:30 pm Eastern

December **Real World Sites - TBA**
Thursday, December 10, 2009 — 2:00-3:30 pm Eastern
