

HITSP

Healthcare Information Technology Standards Panel

a webinar series on U.S. healthcare interoperability

The Healthcare Information Technology Standards Panel (HITSP) is identifying the standards that will support the exchange of healthcare information across the United States. Learn more about the Panel and how you can engage in shaping the future of HIT interoperability during a series of **free webinars** held throughout the Summer of 2008.

webinar seven

Security, Privacy and Infrastructure (SPI)

What you will learn

During this 90-minute webinar, participants will gain a basic knowledge of:

- the core concepts related to security, privacy and infrastructure (SPI) needed for implementing interoperable Health Information Exchanges (HIEs), including privacy controls, security controls, identity and access controls, and audit controls;
- the HITSP constructs developed to address SPI needs identified in Use Cases;
- the core standards involved in the implementation of the HITSP SPI constructs;
- examples of how the SPI constructs are being implemented in the marketplace.

Who should attend

Consumers, government representatives and policy makers, healthcare providers, standards developers, vendors, and any other interested stakeholder.

Presenters

Representatives of the HITSP Security, Privacy and Infrastructure Domain Technical Committee

- John Moehrke, Enterprise Security Architect, GE Healthcare
- Glen Marshall, Standards and Regulatory Manager, Siemens Healthcare

HITSP: Enabling Healthcare Interoperability

MARK YOUR CALENDARS!

The HITSP webinar series includes a total of nine presentations during the period of June 5 to September 18, 2008. **Every session is free!** Participate live or view an archived session on www.HITSP.org/webinars

June '08

Webinar 1 **Standardizing How We Share Information in Healthcare: An Introduction to HITSP**

archived presentation: www.HITSP.org/webinars

Webinar 2 **Building Blocks for Healthcare Interoperability**

archived presentation: www.HITSP.org/webinars

Webinar 3 **Consumer Access to Clinical Information**

archived presentation: www.HITSP.org/webinars

July '08

Webinar 4 **Biosurveillance**

archived presentation: www.HITSP.org/webinars

Webinar 5 **Electronic Health Record (EHR) Laboratory Results Reporting**

(Provider Perspective TC)

Thursday, July 24, 2008 — 2:00-3:30 pm EDT

August '08

Webinar 7 **Security, Privacy and Infrastructure**

(Security, Privacy and Infrastructure Domain TC)

Thursday, August 21, 2008 — 2:00-3:30 pm EDT

September '08

Webinar 8 **EHR and Emergency Response**

(Provider Perspective TC)

Thursday, September 4, 2008 — 2:00-3:30 pm EDT

Webinar 9 **Medication Management**

(Cross-TC - Provider Perspective TC)

Thursday, September 18, 2008 — 2:00-3:30 pm EDT

October '08

Webinar 6 **Quality**

rescheduled

(Population Perspective TC)

Thursday, October 2, 2008 — 2:00-3:30 pm EDT

Sponsored by

HITSP Education, Communications and Outreach Committee
